

|                               | Value             |
|-------------------------------|-------------------|
| <i>#Initial points</i>        | 1000              |
| <i>#Initial k</i>             | 4                 |
| <i>#Max SFMiCS by Class</i>   | 4                 |
| <i>#Min SFMiCs total</i>      | 4                 |
| <i>Fuzzification M</i>        | 2                 |
| <i>Theta</i>                  | 0.867489313069928 |
| <i>Theta_class</i>            | 0.3               |
| <i>Time window</i>            | 1000              |
| <i>Sleep threshold P</i>      | 500               |
| <i>Timestamp threshold ts</i> | 200               |
| <i>#Temporary threshold</i>   | 40                |
| <i>#Temporary k</i>           | 4                 |
| <i>silhouette threshold</i>   | 0                 |
| <i>FR_Threshold</i>           | 0.6               |
| <i>#Min Weight NP</i>         | 25                |
